Executive Summary

Introduction & Background

The Ohio Department of Mental Health and Addiction Services (MHAS), in collaboration with the Mental Health and Addiction Services Board of Lucas County and the Butler County Mental Health and Addiction Recovery Services Board are recipients of a System of Care (SOC) Expansion and Sustainability Cooperative Agreement from the Substance Abuse and Mental Health Services Administration (SAMHSA). The federal grant is supporting the Engage 2.0 Project, cross-system efforts to improve behavioral health outcomes for children and youth in Northwest and Southwest Ohio experiencing serious emotional disturbances as well as other behavioral health challenges and their families. Participating counties in Southwest Ohio are Butler, Clermont, Clinton, Preble, and Warren Counties.

With support from SAMHSA, the Butler County Educational Service Center contracted to conduct a two-phase regional cradle to career and behavioral health fund mapping project. Phase One included data and analysis for Fiscal Years 2015, 2017 and 2019. Phase Two of the project includes this update to incorporate FY 2021 actual data. David McNear, a fiscal mapping consultant with McNear Fiscal Surveying, researched and prepared the fund maps in the Southwest Ohio participating counties, with much-needed consultation and consistent cooperation from the regional Engage 2.0 Executive Committee and regional SOC grant partners. The project includes a behavioral health fund map, or a regional review of public investments in children and adolescents under age 18 with behavioral health challenges, an early childhood fund map, or an inventory of regional investments in children under age 5, and a regional cradle to career fund map, or a fiscal survey of public spending on children, youth, and families.

As the fund mapping project began in late 2019, the COVID pandemic had an impact on both the processes and the results of the project. The work disruptions in the offices of school districts and state and county agencies caused by the pandemic delayed the responses to data requests and the completion of the Phase One report. With three years of Phase One pre-pandemic spending data, this Phase Two FY 2021 update surveyed the budgetary impact of the societal shifts and cultural changes that occurred during the pandemic as well as the regional effects of the federal government's fiscal response to COVID, including a surge of federal funds for the Supplemental Nutrition Assistance Program (SNAP) and to support K-12 Education.

Key Findings of the Behavioral Health Fund Mapping Process

After increasing \$10.1 million, or 11.1%, from FY 2015 to FY 2019, regional behavioral health investments were down \$10.3 million, or 10.3% in FY 2021. Spending decreased 0.3% throughout the survey period from FY 2015 to FY 2021. The fiscal effects of the COVID pandemic drove the FY 2021 decrease, as Medicaid behavioral health spending dropped by \$23 million, or 50.5%. Non-Medicaid spending, like school psychologists or community mental health services, increased \$29.2 million (75.1%) over the survey period. Behavioral health investments accounted for 3.1% of total cradle to career spending in FY 2021, down from 3.9% in FYs 2015, 2017 and 2019.

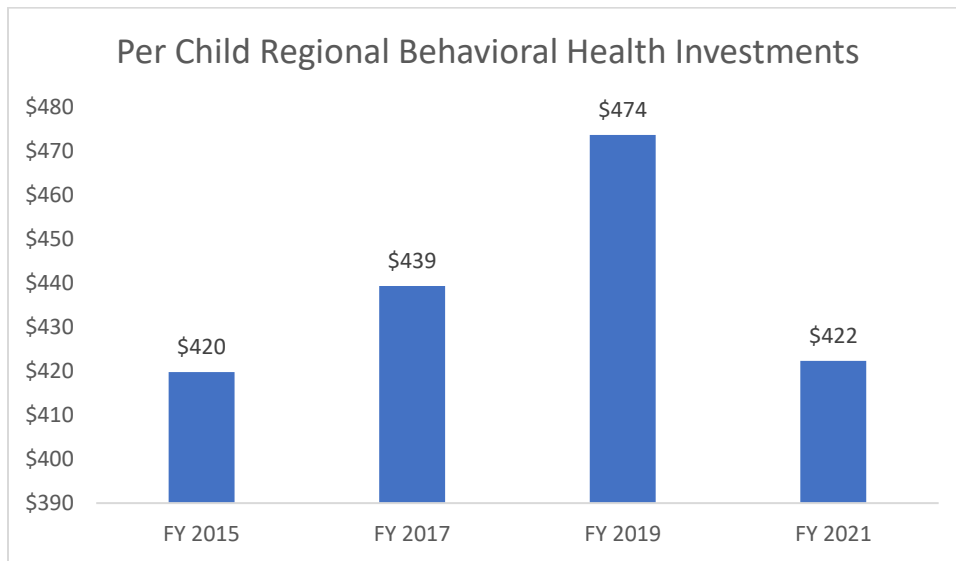

Regional cradle to career spending increased by \$274.6 million, or 11.8%, from FY 2015 to FY 2019. Driven by boosted federal spending in response to the COVID pandemic, regional cradle to career investments jumped \$296.5 million, or 11.4%, from FY 2019 to FY 2021. The cumulative spending increase was \$571.1 million, or 24.6%, over the survey period.

Between FY 2019 and FY 2021, federal funds went up \$197.4 million, or 32.5%. As local school districts received about 90% of federal COVID Elementary and Secondary School Emergency Relief (ESSER) funds, regional federal K-12 Education spending increased \$41.8 million, or 40.9% from FY 2019 to FY 2021.

In March 2020, Congress authorized SNAP (formerly Food Stamps) temporary emergency allotments as part of the federal fiscal response to COVID. Between FY 2019 and FY 2021, regional spending on SNAP benefits jumped \$92.4 million, or 99.6%. The number of SNAP-eligible people in the region increased from 61,292 in June 2019 to 74,098 in June 2021, while the average monthly benefit received statewide over that period went from \$126 to \$229. In addition, the federal government created the SNAP Pandemic Electronic Benefits Transfer (SNAP P-EBT) Program in response to COVID. FY 2021 regional SNAP P-EBT spending was \$40.9 million. Including SNAP P-EBT, SNAP spending increased \$133.3 million, or 143.8% from FY 2019 to FY 2021.

	FY 2015	FY 2017	FY 2019	FY 2021
Behavioral Health Investments	\$90,851,294	\$94,309,751	\$100,956,722	\$90,605,657
Spending Change		\$3,458,457	\$6,646,972	-\$10,351,065
Cradle to Career Investments	\$2,320,693,330	\$2,426,978,387	\$2,595,287,734	\$2,891,796,678
Spending Change		\$106,285,058	\$168,309,347	\$296,508,944
Behavioral Health - % of Total	3.9%	3.9%	3.9%	3.1%

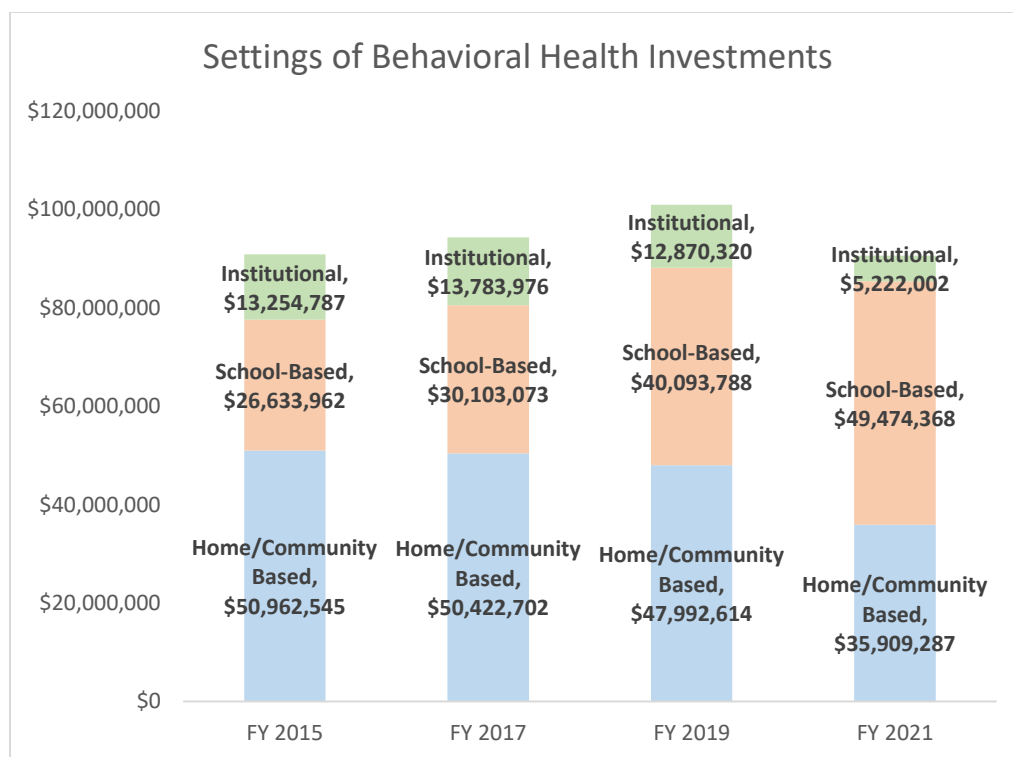

Regional per child behavioral health spending grew by \$54, or 12.8% between FY 2015 and FY 2019, going from \$420 to \$474. Driven by the decrease in Medicaid spending, per child spending dropped \$51 (-10.8%) in FY 2021 to \$422. The cumulative per child spending growth was \$3, or 0.6%, from FY 2015 to FY 2021.

In each year of the survey period, over 85% of behavioral health investments were either school-based services, e.g., school psychiatrists or special education behavioral health services, or home/community-based services, like counseling and therapy or substance abuse prevention. Due in part to the effect of the COVID pandemic and the public fiscal response, spending on school/community-based services grew from 87.2% of total behavioral health spending in FY 2019 to 94.2% of total spending in FY 2021. Spending on home/community-based or school-based services increased by 10% over the fund map survey period.

After being relatively stable from FY 2015 to FY 2019, home/community-based spending decreased \$12.1 million, or 25.2%, between FY 2019 and FY 2021, due to the drop in Medicaid behavioral health spending. With the surge of federal COVID relief funds to K-12 education, as well as the drop in Medicaid reimbursements, behavioral health investments increasingly shifted to school-based spending. School-based services accounted for 29.3% of behavioral health investments in FY 2015, growing to 31.9% in FY 2017, to 40.7% of total investments in FY 2019, and jumped to 54.6% of total spending in FY 2021.

Behavioral health institutional investments, e.g., psychiatric hospitalization or behavioral health services for juvenile youth, accounted for less than 15% of total behavioral health fund map spending, making up 14.6% of total spending in FY 2015 and going down to 5.8% in FY 2021. Again, this funding shift was driven in part by the impact of the COVID pandemic. Institutional spending went down by 2.9% from FY 2015 to FY 2019, and dropped by 59.4% in FY 2021, due to a decrease in reported spending on psychiatric hospitalization. In FY 2019, Medicaid-funded psychiatric hospitalization in the region was \$8.8 million, while there was no Medicaid-funded psychiatric hospitalization reported in FY 2021. At the same time, spending on regional youth in State Regional Psychiatric Hospitals went down from \$235,524 in FY 2019 to \$180,240.

Echoing the funding shift toward school-based services, K-12 Education spending, including guidance counselors and school psychiatrists and special education behavioral health services, accounted for an increasing proportion of regional behavioral health spending, growing from 29.3% in FY 2015 to 31.9% in FY 2017, 39.7% in FY 2019 and to 54.6% in FY 2021. Behavioral health spending, including Medicaid charges and mental health and substance abuse prevention and treatment, accounted for 67.4% of FY 2015 fund map investments, dropping to 64.8% in FY 2017, 56.9% in FY 2019, and 40.4% in FY 2021. Fluctuations in Medicaid spending account for the declining proportion of fund map investments. Public safety investments, which are behavioral health services for detained juveniles, were 3.3% of regional behavioral health spending in FYs 2015 and 2017, 3.3% in FY 2019 and 5% in FY 2021.

Function Area/Function	FY 2015	FY 2017	FY 2019	FY 2021
Education	\$26,633,962	\$30,103,073	\$40,093,788	\$49,474,368
K-12 Education	\$26,633,962	\$30,103,073	\$40,093,788	\$49,474,368
Health	\$61,235,926	\$61,099,134	\$57,455,819	\$36,615,747
Behavioral Health	\$61,230,003	\$61,093,798	\$57,447,128	\$36,600,565
Developmental Disabilities	\$5,923	\$5,336	\$8,691	\$15,183
Public Safety	\$2,981,406	\$3,107,544	\$3,407,115	\$4,515,542
Juvenile Justice	\$2,981,406	\$3,107,544	\$3,407,115	\$4,515,542
Regional Behavioral Health Investments	\$90,851,294	\$94,309,751	\$100,956,722	\$90,605,657

Over the survey period, spending increased 159.6% for mental health prevention, substance abuse prevention spending went up 182.3%, and expenditures on mental health treatment increased by 83.4%. Investments in substance abuse treatment dropped by 93.7%. Due to the format of the Medicaid data reporting, these prevention and treatment spending data do not include Medicaid behavioral health charges. Medicaid behavioral health spending in clinics and health centers dropped by 48.3% from FY 2015 to FY 2021, while Medicaid spending on behavioral health counseling and professional services went down by 62.9% and Medicaid spending on behavioral health prescriptions/drugs fell by 40.4%. Spending on Psychiatric Hospitalization decreased by \$9.6 million, from \$9.7 million in FY 2015 to \$180,240 in FY 2021.

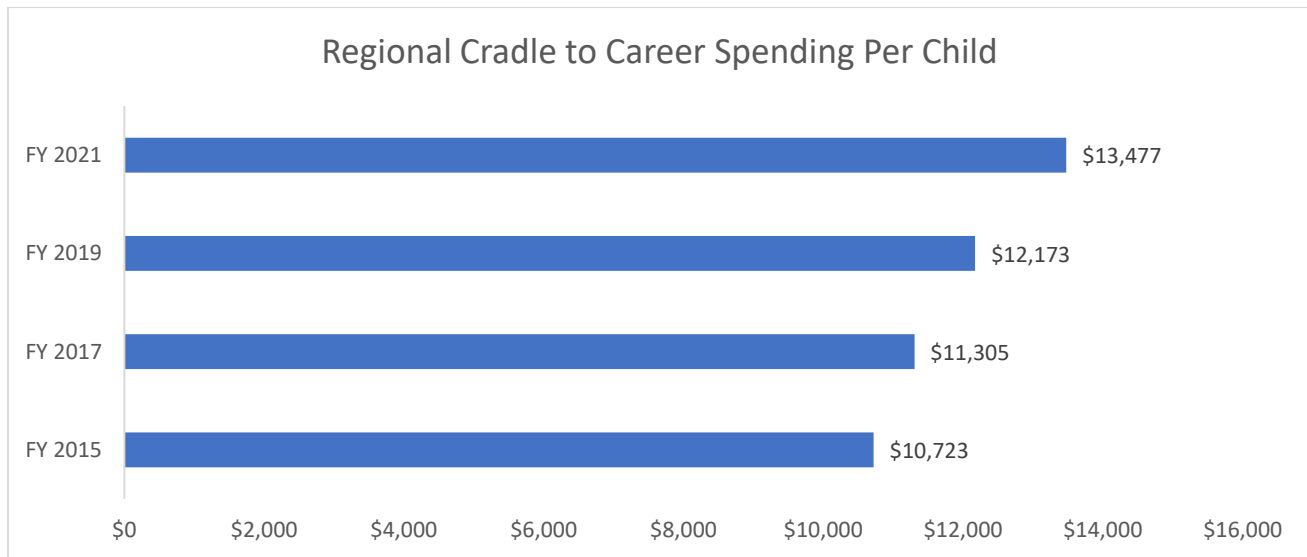

Subfunction	FY 2015	FY 2017	FY 2019	FY 2021
Behavioral Health Staff/Administration	\$3,699,834	\$3,094,559	\$3,266,718	\$3,394,753
Early Childhood Behavioral Health	\$112,670	\$256,257	\$308,157	\$0

Substance Abuse Treatment	\$1,785,098	\$1,929,629	\$1,035,808	\$111,713
Regional Behavioral Health Investments	\$90,851,294	\$94,309,751	\$100,956,722	\$90,605,657

Key Findings from the Cradle to Career Fund Mapping Process

Over the fund map survey period, regional cradle to career investments rose by \$571.1 million, or 24.6%, from \$2.32 billion in FY 2015 to \$2.89 billion in FY 2019. The \$296.5 million increase in spending between FY19 and FY 21 accounted for 51.9% of the growth in investments over the survey period. Driven by the \$41.8 million increase in federal funds for K-12 education and \$133.6 million increase in SNAP funding, federal funds jumped \$197.4 million, or 32.5%, between FY 2019 and FY 2021. While federal funds made up 27.8% of FY21 cradle to career spending, they accounted for 66.5% of the cradle to career spending growth between FY 2019 and FY 2021.

	Cradle to Career Investments	\$ Change	% Change
FY 2015	\$2,320,693,330		
FY 2017	\$2,426,978,387	\$106,285,058	4.6%
FY 2019	\$2,595,287,734	\$168,309,347	6.9%
FY 2021	\$2,891,796,678	\$296,508,944	11.4%

After going up \$1,451 (13.5%) from FY15 to FY19, regional cradle to career spending per child increased by \$1,304, or 10.7%, in FY21 to \$13,477. Over the survey period, per child spending increased by \$2,755, or 25.7%.

	Cradle to Career Investments	Children Under Age 18	Spending Per Child	\$ Change
FY 2015	\$2,320,693,330	216,431	\$10,723	
FY 2017	\$2,426,978,387	214,682	\$11,305	\$582
FY 2019	\$2,595,287,734	213,194	\$12,173	\$868
FY 2021	\$2,891,796,678	214,567	\$13,477	\$1,304

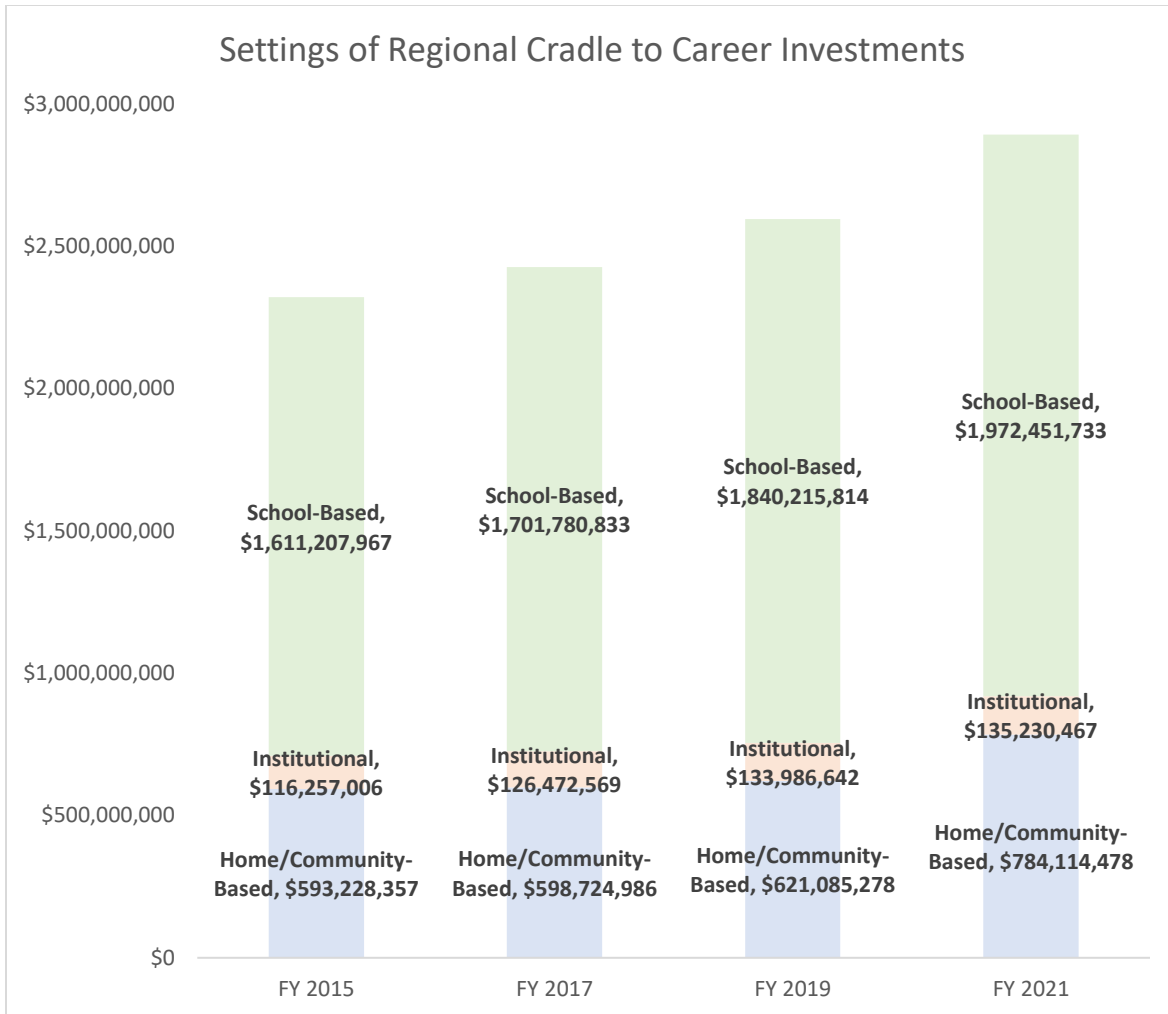

Over the fund map survey period, per child spending growth outpaced the growth in state revenue growth and inflation in the Midwest region but lagged regional counties’ General Fund revenue growth.¹ COVID relief funds to county governments likely was a factor in the county revenue growth.

Mainly due to the increase in SNAP funding in FY21, home/community-based spending increased 4.7% from FY15 to FY19 and jumped 26.2% in FY21, for a cumulative increase of 32.2%. Institutional expenditures grew \$17.7 million (15.3%) from FY 2015 to FY 2019, with boosted spending on Medicaid Reimbursements: Facilities accounting for most of the increase. Driven by the \$8.6 million drop in Medicaid-funding, Institutional spending was up \$1.2 million, or 0.9%, in FY 2021 and increased by \$19 million, or 16.3%, over the survey period.

Spending on school-based services steadily grew by \$361.2 million (22.4%) over the survey period, with a \$229 million (14.2%) increase from FY 2015 to FY 2019 and a \$132.2 million increase from FY 2019 to FY 2021. School-based services expenditures accounted for more than two-thirds of total cradle to career investments in each fund map year, with 69.4% in FY15, 70.1% in FY17, 70.9% in FY19, and dropping to 68.2% in FY21, as the SNAP funding increase shifted a greater proportion of overall spending to home/community-based services.

¹ See Comprehensive Annual Financial Reports with county General Fund revenue available at <http://www.auditor.state.oh.us/auditsearch/Search.aspx>. State revenue data are available at <https://www.lsc.ohio.gov/pages/reference/current/historicalrevandexpenditure.aspx>. See “Table 1 – GRF, LPEF and LGF Revenue History.” Midwest CPI data are available at <https://www.bls.gov/regions/midwest/data/xg-tables/ro5xg01.htm>. FY 2015 data are Half2 of 2014 and Half 1 of 2015 and FY 2021 data are Half2 of 2020 and Half 1 of 2021.

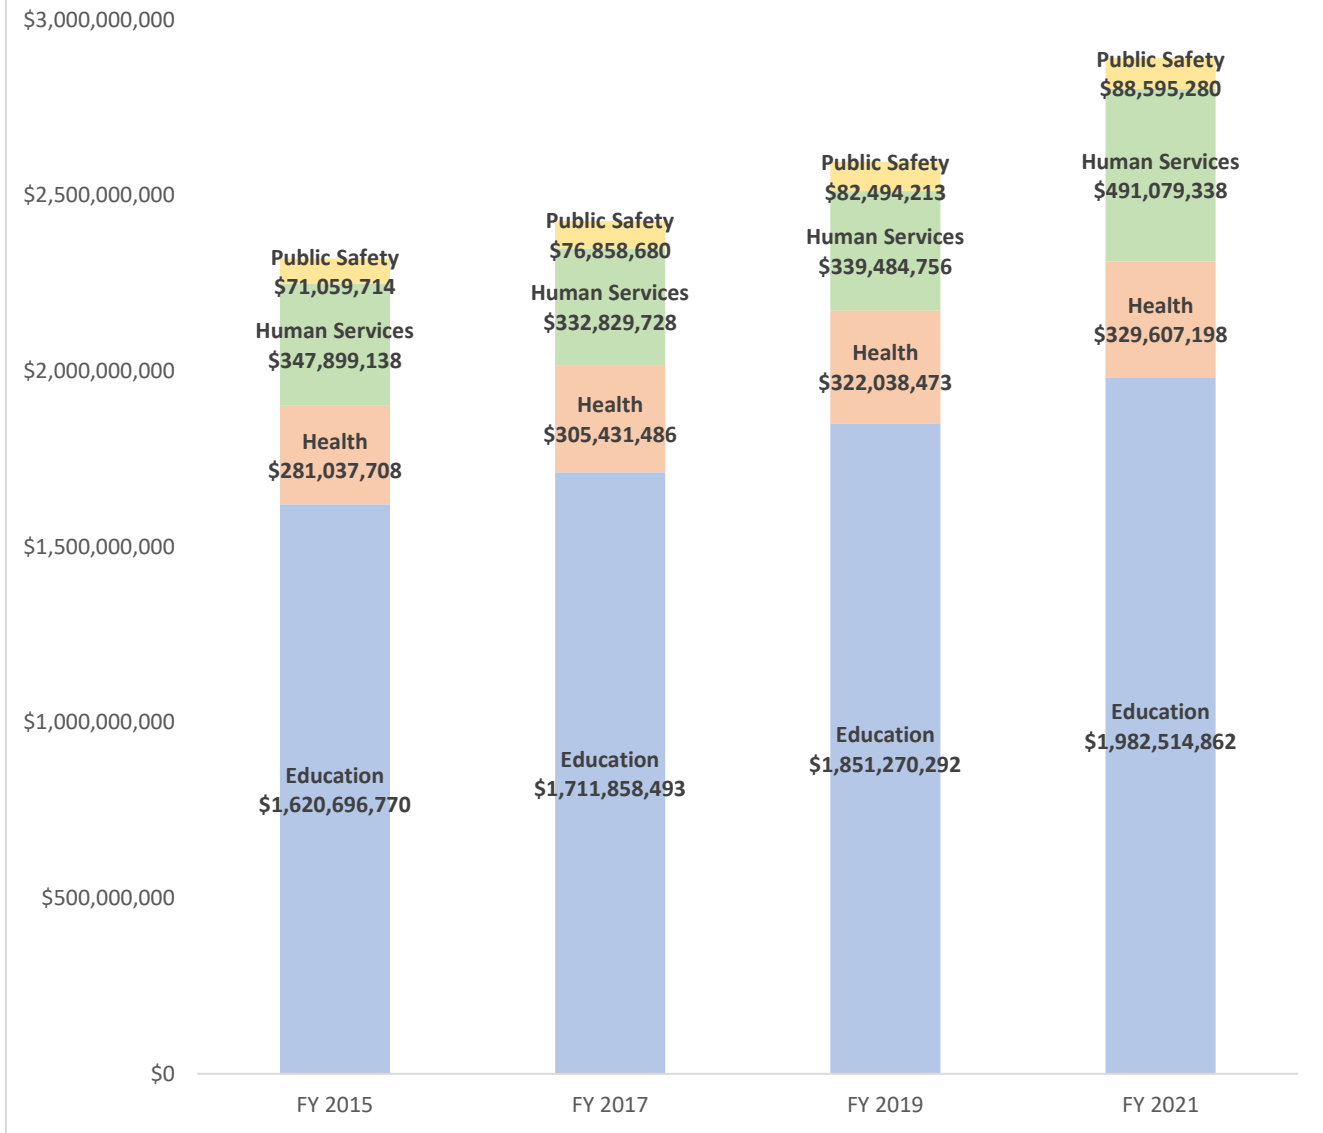

Education spending accounted for more than two-thirds of total cradle to career investments in each fund map year, with 69.8% in FY15, 70.5% in FY17, 71.3% in FY19, and dropping to 68.6% in FY21, as the SNAP funding increase shifted a greater proportion of overall spending to Human Services. Education investments, including early education and child care, K-12 Education and Youth Development grew from \$1.62 billion in FY 2015 to \$1.98 billion in FY 2021, a cumulative increase of \$361.8 million, or 22.3%.

Spending on Health went from 12.1% of total FY 2015 investments to 12.6% in FY 2017, 12.4% in FY 2019, and 11.4% in FY 2021. Health cradle to career investments grew from \$281 million to \$329.6 million in FY 2021, a cumulative increase of \$48.6 million, or 17.3%.

Spending on Human Services dropped \$8.4 million (-2.4%) from FY15 to FY19, and then driven by the \$133.4 million increase in SNAP funding, jumped \$151.6 million (44.7%) in FY 2021, for survey period spending growth of \$143.2 million (41.2%). Human Services spending accounted for 15.0% of total cradle to career investments in FY 2015, 13.7% in FY 2017, 13.1% in FY 2019, and grew to 17% in FY 2021. Spending on Public Safety made up 3.1% of total spending in FY 2015, 3.2% in FYs 2017 and 2019, and 3.1% in FY 2021. Public safety investments grew from \$71.1 million in FY 2015 to \$88.6 million in FY 2021, an increase of \$17.5 million, or 24.7%.

Regional Cradle to Career Spending by Function Area

Key Findings from the Early Childhood Fund Mapping Process

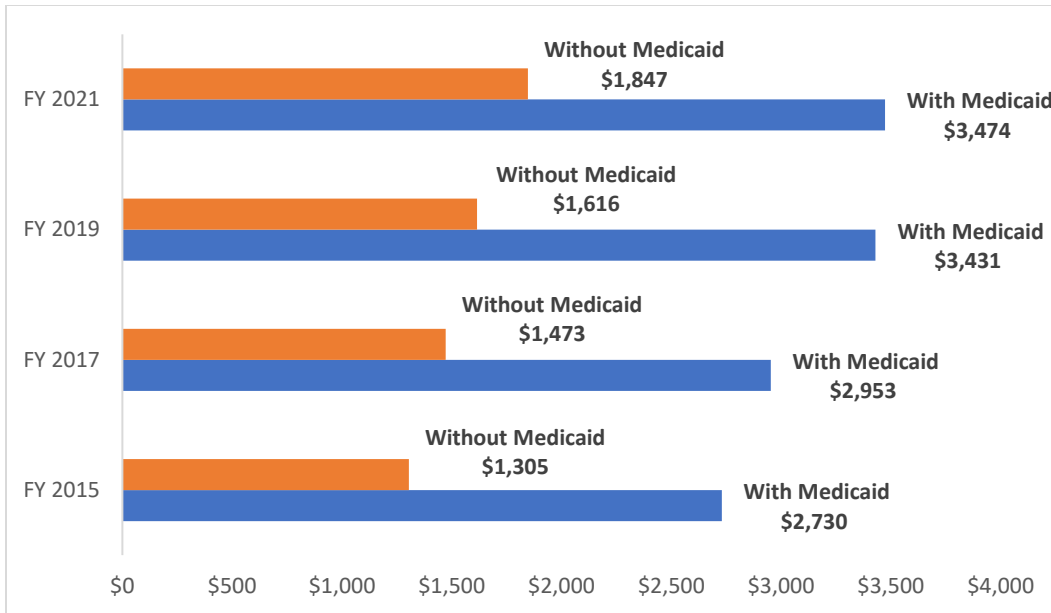

After going up \$35.2 million, or 24%, from FY 2015 to FY 2019, regional early childhood investments went down by \$631,956, or -0.3%, mostly due to a \$11.3 million drop in Medicaid reimbursements for children under age 5. The societal shifts brought about by COVID likely factored into the drop in FY21 Medicaid spending, with a \$7.6 million drop in reimbursements to facilities, e.g., hospitals, etc., and a \$2.7 million drop in spending on professional services, e.g., doctor's visits.

The average cost per case of providing care to babies born prematurely or with other special health needs, including Neonatal Intensive Care Unit stays and ongoing care, is extremely high. As shown by the FY21 drop in Medicaid, the need for these intensive, high-cost treatments can fluctuate across the fiscal years in the survey period, as well as across the counties in the region. Factoring out Medicaid charges can help to account for this fluctuation and to report on trends in early childhood investments, like maternal and child health and early education and child care.

Excluding Medicaid charges, early childhood investments grew by \$15.6 million (22.3%) from FY 2015 to FY 2019 and went up \$10.7 million (12.5%) in FY 2021 for a cumulative increase of \$26.3 million (37.5%).

	FY 2015	FY 2017	FY 2019	FY 2021
Early Childhood Investments	\$146,543,213	\$157,687,196	\$181,750,660	\$181,118,704
Spending Change		\$11,143,984	\$24,063,464	-\$631,956
Early Childhood - No Medicaid Charges	\$70,032,813	\$78,634,864	\$85,616,412	\$96,299,323
Spending Change		\$8,602,051	\$6,981,548	\$10,682,911
Cradle to Career Investments	\$2,320,693,330	\$2,426,978,387	\$2,595,287,734	\$2,891,796,678
Early Childhood -Percent of Total	6.3%	6.5%	7.0%	6.3%
Early Childhood -No Medicaid-% Total	3.0%	3.2%	3.3%	3.3%

Regional early childhood spending per child under age 5 jumped \$701 (25.7%) from FY15 to FY19 and went up \$43 (1.3%) in FY21, for a cumulative increase of \$744 (27.2%). Factoring out Medicaid charges, per child spending increased \$311 from FY15 to FY19 (23.9%) and then grew by \$231 (14.3%) in FY21, for a cumulative increase of \$542 (41.6%) over the survey period.

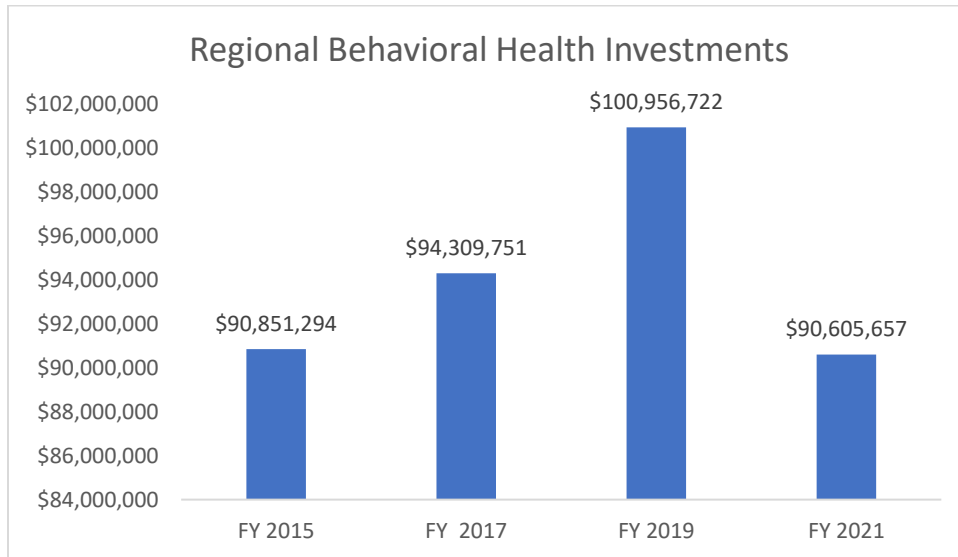

As Medicaid spending dropped from FY 2019 to FY 2021, investments in Early Education and Child Care increased \$11.4 million (17.3%), with a \$4.8 million increase in Early Head Start/Head Start spending, a \$4.3 million increase in Early Childhood Special Education expenditures, and a \$1.7 million increase in Preschool spending.

Function/Subfunction	FY 2015	FY 2017	FY 2019	FY 2021
Behavioral Health	\$112,670	\$256,257	\$308,157	\$0

Engage 2.0 Southwest Ohio Region: Behavioral Health Fund Map

Regional behavioral health investments grew from \$90.8 million in FY 2015 to \$94.3 million in FY 2017 and to \$100.9 million in FY 2019 and then dropped to \$90.6 million in FY 2021, driven by a drop in Medicaid charges.²

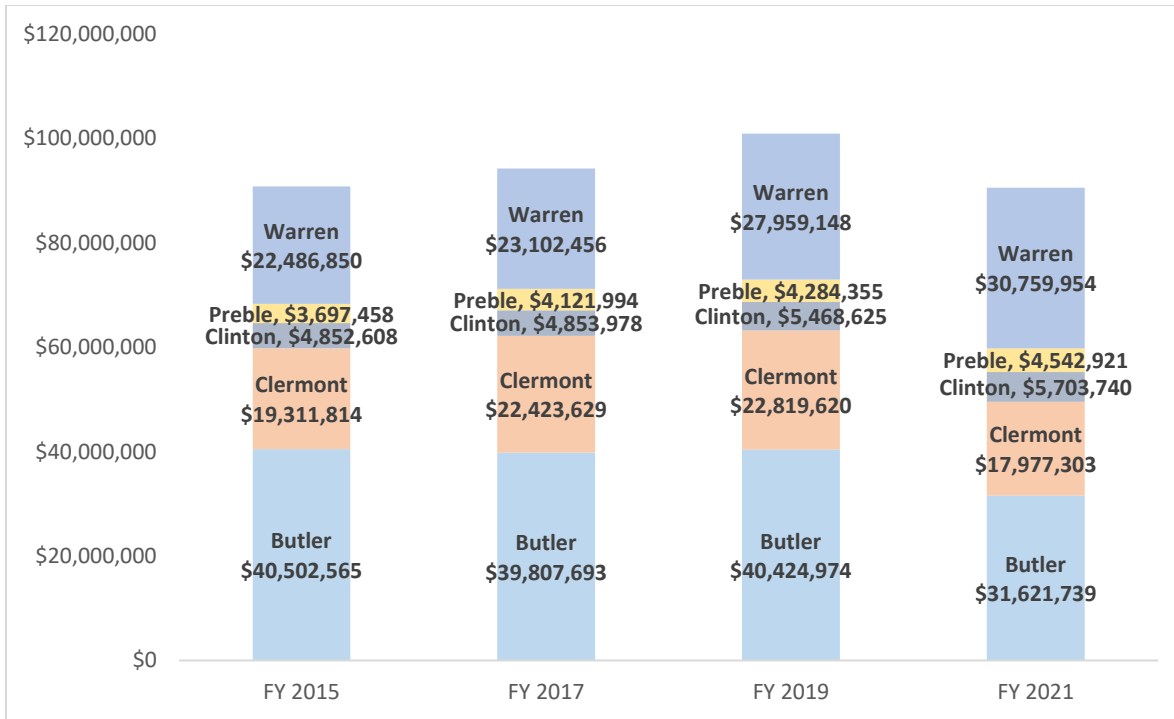

Variabilities in Medicaid charges and spending on school-based behavioral health services partially account for trends in county spending through the survey period. K-12 behavioral health spending is 53.8% of FY 2021 behavioral health investments. The fund map includes behavioral health spending in 27 of 36 regional non-JVSD school districts that either had available data online or responded to a fund mapping information request.³ Variations in districts with data included in the fund map across counties partly account for the variations among county spending. Despite the drop in FY21, Medicaid charges are 24.9% of FY 2021 behavioral health investments. Eligibility for Medicaid is based on income; and differences in the relative wealth of counties in the region also partly account for differences in spending across counties.

County	FY 2015	FY 2017	FY 2019	FY 2021
Butler	\$40,502,565	\$39,807,693	\$40,424,974	\$31,621,739
Clermont	\$19,311,814	\$22,423,629	\$22,819,620	\$17,977,303
Clinton	\$4,852,608	\$4,853,978	\$5,468,625	\$5,703,740
Preble	\$3,697,458	\$4,121,994	\$4,284,355	\$4,542,921
Warren	\$22,486,850	\$23,102,456	\$27,959,148	\$30,759,954
Regional Behavioral Health Investments	\$90,851,294	\$94,309,751	\$100,956,722	\$90,605,657

² The Phase One report included Autism/Social Communications classrooms spending reported by Clermont County school districts as behavioral health special education investments. Phase Two does not include these expenditures in the Behavioral Health fund map and counts the spending as general Special Education.

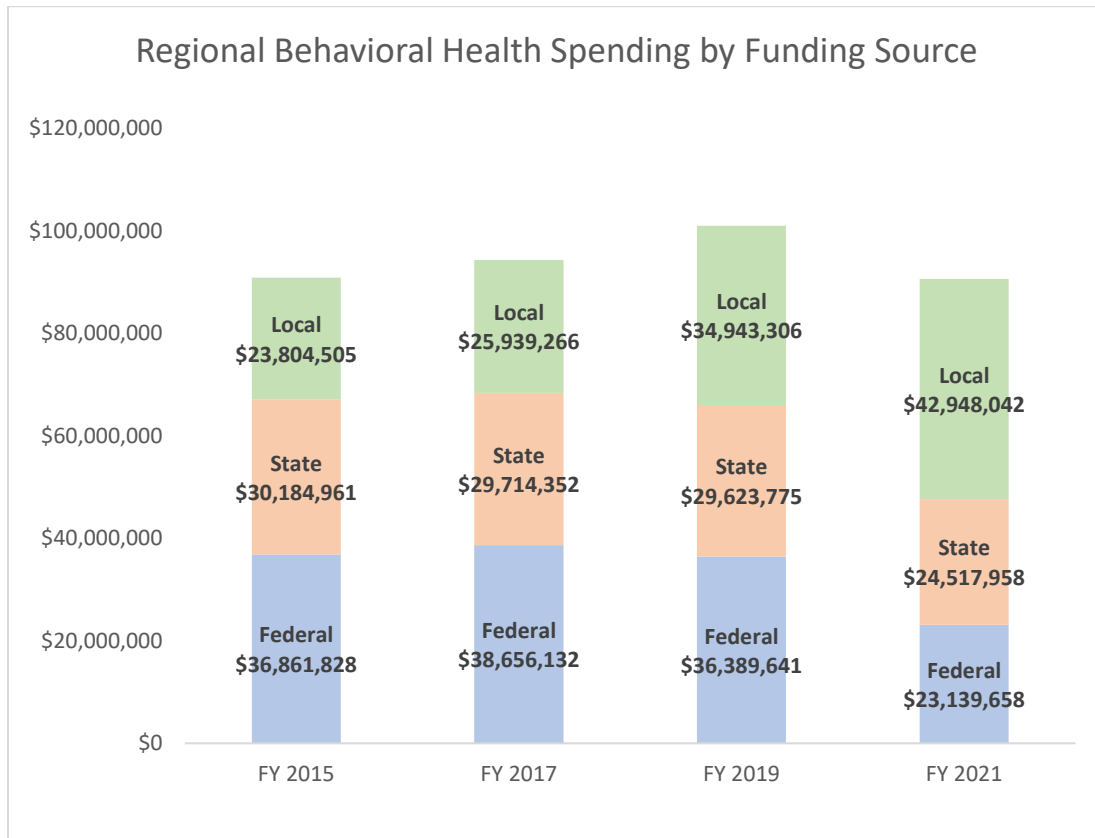

³ Several agencies or school districts responded to the Phase One data request with detailed spending items for FYs 2015, 2017 and 2019 but did not reply to the Phase Two data request with FY 2021 data. The update estimates FY 2021 expenditures with the spending change between FY 2017 and FY 2019. FY 2021 spending for detailed programs was not estimated for agencies or districts that did not reply in Phase One.

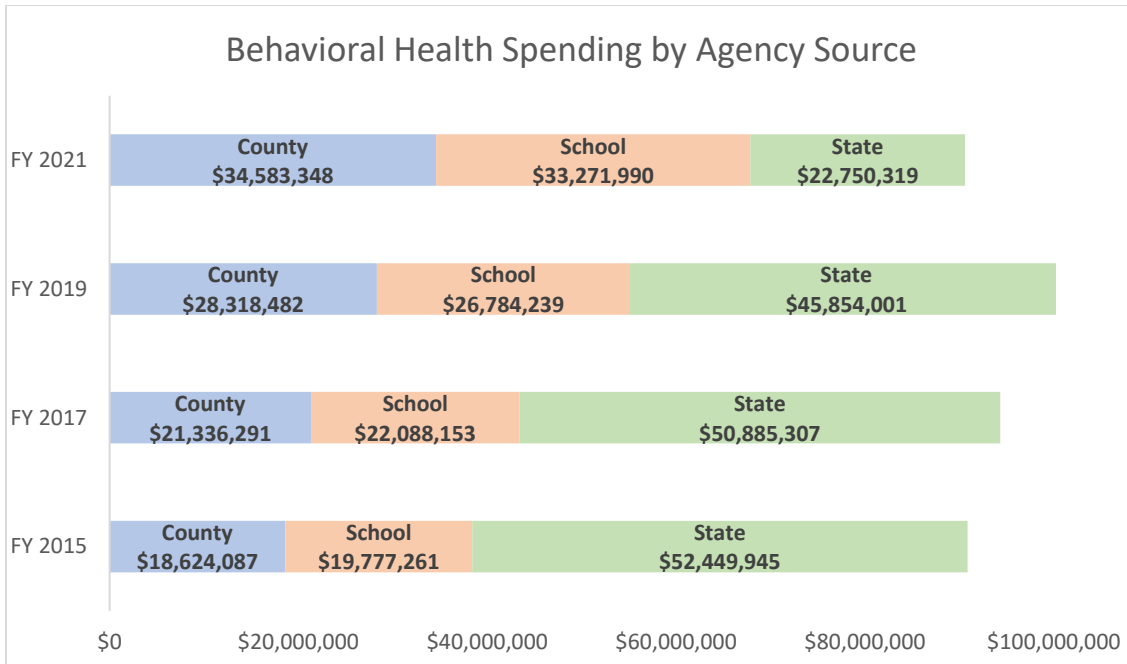

The spending by function and subfunction shows the \$23 million drop in FY 2021 Medicaid charges is reflected in the \$20.8 million decrease in Behavioral Health spending. In addition to the three listed Medicaid subfunctions, Psychiatric Hospitalization spending goes down due to an \$8.6 million drop in Medicaid-funded stays.

Function/Subfunction	FY 2015	FY 2017	FY 2019	FY 2021
Behavioral Health	\$61,230,003	\$61,093,798	\$57,447,128	\$36,600,565
Behavioral Health Staff/Administration	\$3,699,834	\$3,094,559	\$3,266,718	\$3,394,753
Early Childhood Behavioral Health	\$112,670	\$256,257	\$308,157	\$0
Juvenile Justice: Behavioral Health	\$121,180	\$192,889	\$198,889	\$207,441
Medicaid: Clinics/Health Centers	\$19,351,208	\$20,234,180	\$20,705,059	\$9,995,363
Medicaid: Counseling & Professional Services	\$1,040,671	\$1,024,126	\$2,245,709	\$386,097
Medicaid: Prescriptions/Drugs	\$20,461,501	\$17,803,367	\$12,990,010	\$12,187,314
Mental Health Prevention	\$1,140,720	\$2,763,315	\$2,849,540	\$2,960,986
Mental Health Treatment	\$3,552,348	\$3,435,672	\$4,319,941	\$6,516,595
Psychiatric Hospitalization	\$9,730,993	\$10,000,985	\$8,807,409	\$180,240
Substance Abuse Prevention	\$233,779	\$358,818	\$719,888	\$660,062
Substance Abuse Treatment	\$1,785,098	\$1,929,629	\$1,035,808	\$111,713
Developmental Disabilities	\$5,923	\$5,336	\$8,691	\$15,183
Mental Health Prevention	\$5,923	\$5,336	\$8,691	\$15,183
Juvenile Justice	\$2,981,406	\$3,107,544	\$3,407,115	\$4,515,542
Juvenile Justice: Behavioral Health	\$2,981,406	\$3,107,544	\$3,407,115	\$4,515,542
K-12 Education	\$26,633,962	\$30,103,073	\$40,093,788	\$49,474,368
K-12 Special Education: Behavioral Health	\$15,027,302	\$16,781,366	\$23,834,284	\$29,575,220
K-12 Student Services: Behavioral Health	\$11,606,660	\$13,321,707	\$16,259,504	\$19,899,148
Regional Behavioral Health Investments	\$90,851,294	\$94,309,751	\$100,956,722	\$90,605,657

Expenditures supported by federal and state funds were stable from FY15 to FY19 then went down in FY21, driven by the drop in Medicaid charges, which were funded with 70% federal and 30% state funds in FY21. K-12 Education investments are funded more through local sources in most school districts. K-12 Education spending on behavioral health grew by \$22.8 million from FY15 to FY21.

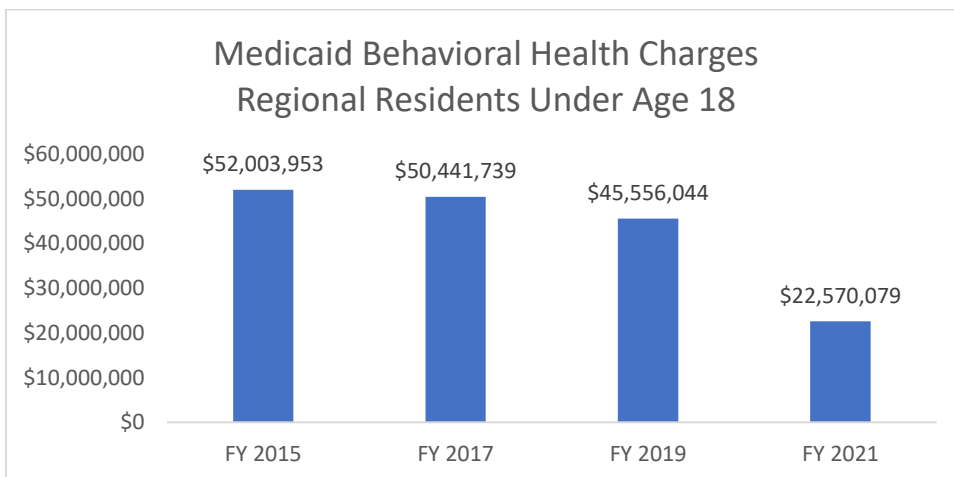

The drop in FY21 Medicaid spending is echoed in the FY21 decline in behavioral health investments passed through State Agencies, which are all passed through ODM except for spending on Regional Psychiatric Hospitals passed through MHAS. The shift in the behavioral health fund map to K-12 Education funding which occurred through the survey period, accelerating with federal ESSER funding in FY 2021, accounts for the \$13.5 million increase in spending passed through school districts. This funding shift also partly drives the increase in spending passed through county agencies, with spending increasing by \$9.7 million in county Educational Service Centers over the survey period. Investments passed through county behavioral health agencies and Family & Children First Councils went up \$4.7 million from FY 2015 to FY 2021.

Percent of Total Regional Behavioral Health Investments by Agency Source

	FY 2015	FY 2017	FY 2019	FY 2021
County	20.5%	22.6%	28.1%	38.2%
School	21.8%	23.4%	26.5%	36.7%
State	57.7%	54.0%	45.4%	25.1%

Medicaid behavioral health reimbursements dropped by \$6.4 million (-12.4%) from FY15 to FY19 and then went down \$23 million (-50.5%) in FY21, for a cumulative decrease of \$29.4 million (-56.6%). From FY19 to FY21, Medicaid charges dropped by \$10.7 million for Clinics/Health Centers, \$8.6 million for psychiatric hospitalization, \$1.9 million for Counseling & Professional Services, \$831,835 for Substance Abuse Treatment, and \$802,695 for Prescriptions/Drugs.

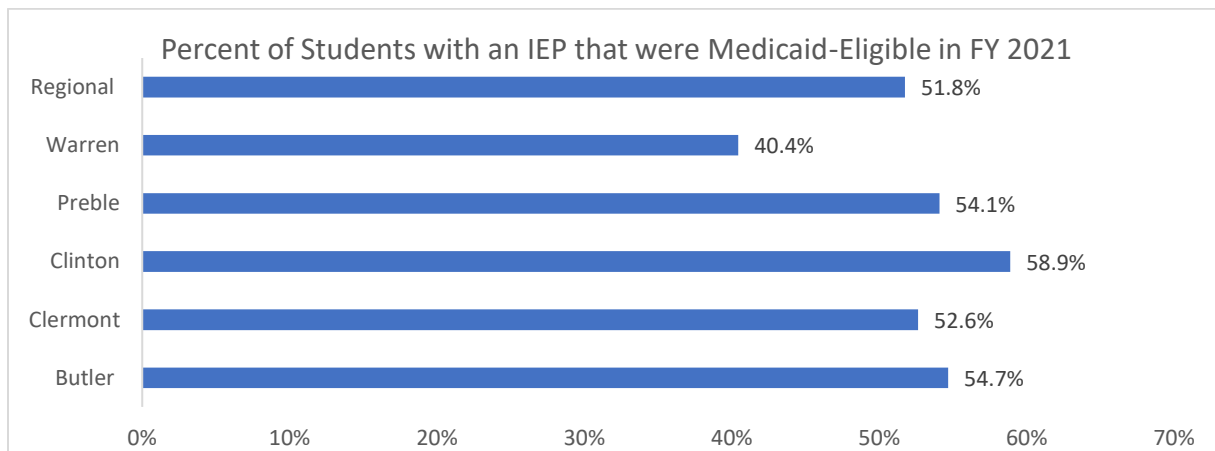

Spending by Program Detail and Agency Detail, including School District Detail in [Appendix F](#).

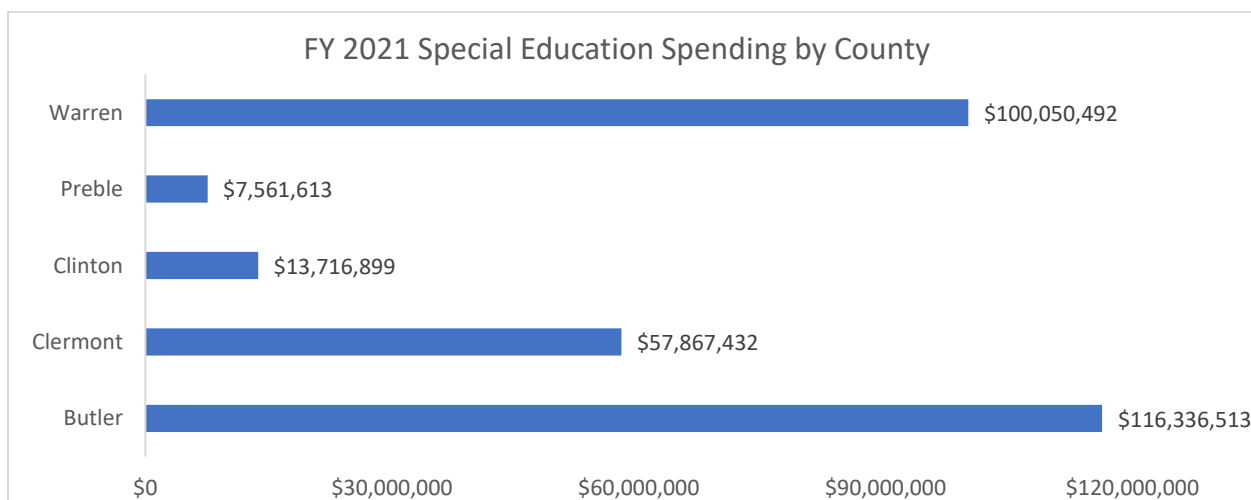

Resources for Sustained Regional Funding for Children’s Behavioral Health Services

The Ohio Medicaid Schools Program & Increased Federal Medicaid Claiming Flexibility for Special Education

The [Ohio Schools Medicaid Program](#) (MSP), jointly administered by the Departments of Education and Medicaid, enables school districts and other contracted entities, including Educational Service Centers (ESCs), to secure Medicaid reimbursement for eligible services, specialized transportation and certain administrative activities provided to eligible children and youth. The eligible services are provided through an Individualized Education Plan (IEP). In FY 2021, [more than half of students with an IEP were eligible for Medicaid](#) in four of the five regional counties, with only Warren County less than half at 40.4% Medicaid-eligible IEP students. 51.8% of students with an IEP in the region were eligible for Medicaid in FY21.⁴

In May 2023, the Biden administration announced [rule changes to simplify Medicaid billing](#) for special education services for IEP students. The new regulations make it easier to secure approval for Medicaid reimbursement and increase opportunities for flexibility for states to expand health care services delivered to Medicaid-eligible students. The federal government also updated a [resource guide for claiming Medicaid for school-based services](#) and outlined the new flexibilities to ease administrative burdens. Including expenditures for Special Education Preschool, regional FY 2021 spending on Special Education was \$295.5 million.

⁴ Four regional non-JVSD school districts did not have FY 2021 data reported for Medicaid Eligibility Rates of IEP students.

Upcoming Federal Grant Opportunities

SAMHSA posted grant forecasts for several FY 2024 funding opportunities. Local governments are eligible applicants for each of these selected forecasted grant opportunities. SAMHSA will award up to 23 [Grants for Expansion and Sustainability of the Comprehensive Community Mental Health Services for Children with Serious Emotional Disturbances](#) to support improved mental health outcomes for children and youth, with projected total funding of \$30 million.

SAMHSA anticipates awarding up to 6 grants, with total available funding of \$5 million, for [Community Programs for Outreach and Intervention with Youth and Young Adults at Clinical High Risk of Psychosis](#). The grants will provide funding to identify youth and young adults at high risk of psychosis and provide evidence-based interventions to prevent or lessen the severity of the psychotic disorder. SAMHSA anticipates posting the grant opportunity on February 15, 2024.

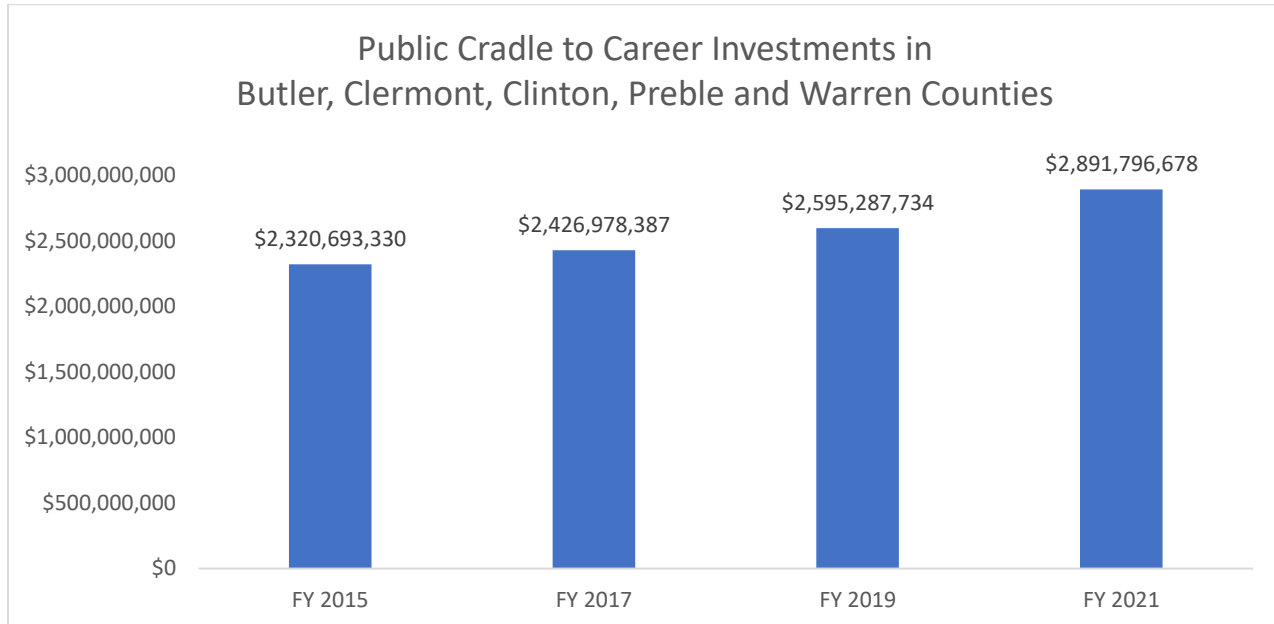

SAMHSA forecasts awarding 59 [Grants to Expand Substance Use Disorder Treatment Capacity in Adult and Family Treatment Drug Courts](#) with total available funding of \$23.3 million. SAMHSA anticipates posting the grant opportunity on February 15, 2024.

The Department of Health and Human Services (HHS) – Health Resources and Services Administration forecasts awarding 35 grants for [Behavioral Health Integration Into Community Settings](#) with total available funding of \$35 million. The grants will promote healthy emotional development and behavioral health of mothers, children and families in the community. HRSA estimates the post date of the grant as January 8, 2024.

HHS Administration for Children and Families (ACF) projects making 68 grants for the [FY 2024 Transitional Living Program](#) with total funding of \$17 million, which supports safe shelter and an array of supportive services for runaway youth aged 16 to 22. The estimated post date is April 19, 2024. HHS-ACF also anticipates awarding 72 grants for the [FY 2024 Basic Center Program](#) with total funds of \$18 million, to support shelter and services for homeless youth. The estimated post date is April 22, 2024.

Engage 2.0 Southwest Ohio Region: Cradle to Career Fund Map

Regional cradle to career investments were up from \$2.32 billion in FY 2015 to \$2.43 billion in FY 2017, to \$2.59 billion in FY 2019, and then jumped to \$2.89 billion in FY 2021, with a surge in federal funding in response to the COVID pandemic.

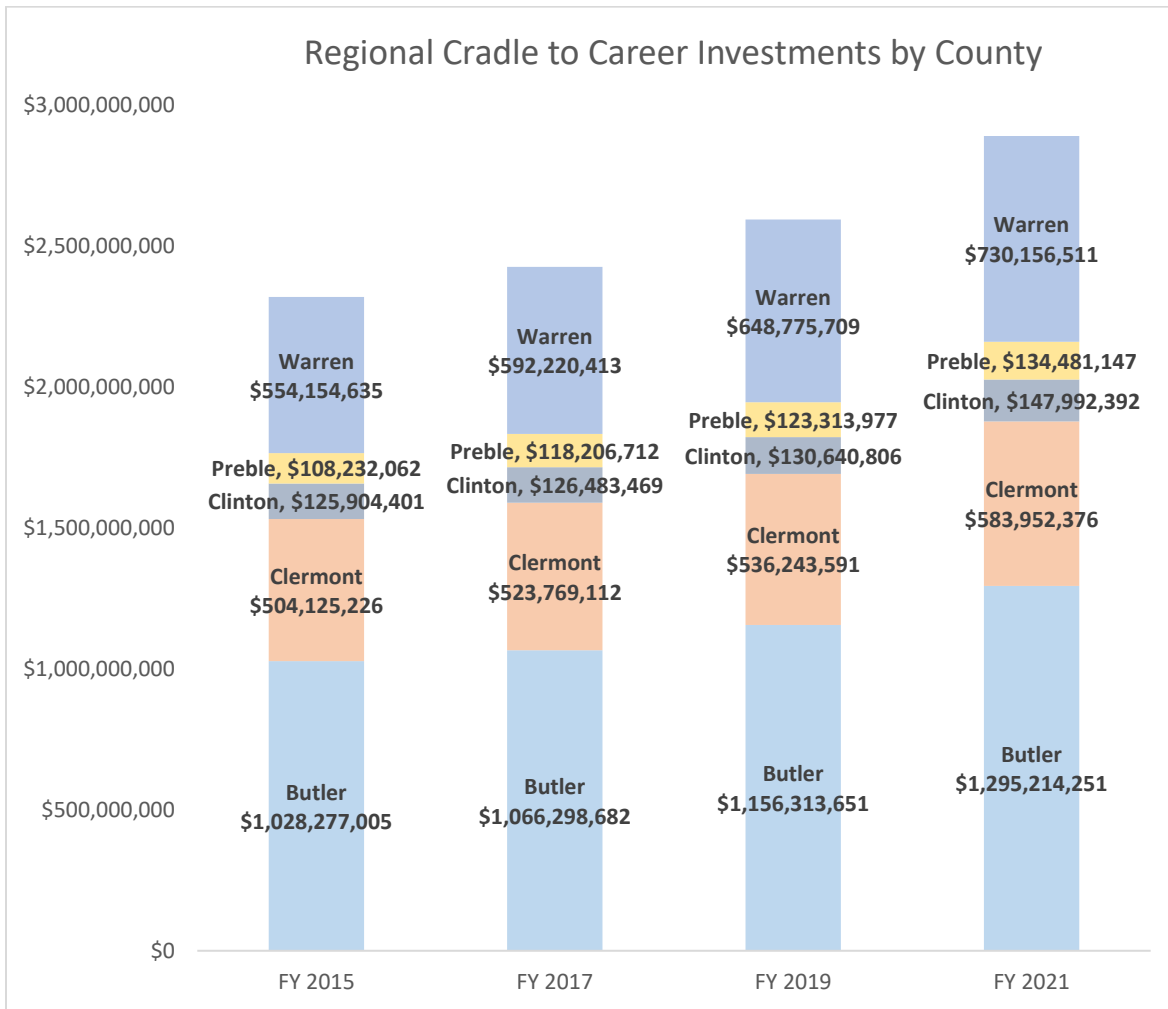

Cradle to career per child spending was up 25.8% over the fund map survey period, increasing from \$10,723 in FY 2015 to \$11,305 in FY 2017, \$12,173 in FY 2019, and to \$13,477 in FY 2021.

	Children Under 18	Spending Per Child	\$ Change	% Change
FY 2015	216,431	\$10,723		
FY 2017	214,682	\$11,305	\$582	5.4%
FY 2019	213,194	\$12,173	\$868	7.7%
FY 2021	214,567	\$13,477	\$1,304	10.7%

In FY 2021, spending on K-12 education is about two-thirds of total cradle to career spending, so variabilities in student enrollment over time and across counties partly accounts for trends in county spending and differences in spending across counties. Entitlement spending on Medicaid, SNAP, WIC, OWF and child care assistance accounted for more than 20% of total cradle to career spending. Eligibility for these entitlements is based on household income, so variations in wealth among counties in the region account for some of the differences in spending across counties.

County	FY 2015	FY 2017	FY 2019	FY 2021
Butler	\$1,028,277,005	\$1,066,298,682	\$1,156,313,651	\$1,295,214,251
Clermont	\$504,125,226	\$523,769,112	\$536,243,591	\$583,952,376
Clinton	\$125,904,401	\$126,483,469	\$130,640,806	\$147,992,392
Preble	\$108,232,062	\$118,206,712	\$123,313,977	\$134,481,147
Warren	\$554,154,635	\$592,220,413	\$648,775,709	\$730,156,511
Regional Cradle to Career Investments	\$2,320,693,330	\$2,426,978,387	\$2,595,287,734	\$2,891,796,678

Regional investments in K-12 education accounts for the bulk of education spending and grew from \$1.58 billion in FY 2015 to \$1.92 billion in FY 2021⁵, while spending on early education and child care, including Head Start, preschool, and early childhood special education, was up from \$28.7 million in FY 2015 to \$49.8 million in FY 2021. Youth Development spending is investments in Parks and Recreation and Libraries and is allocated to fund map with percent of County population under age 18.

Medicaid charges make up most spending in Physical/Somatic Health expenditures, which were up \$61.4 million, from \$181 million in FY19 to \$242.4 million in FY21. Human Services spending includes SNAP spending, Supplemental Security Income (SSI) and Old-Age, Survivors and Disability Insurance (OASDI) benefits, and Ohio Works First (OWF) cash assistance. Boosted by the FY21 SNAP funding increase, Human Services spending jumped from \$347.9 million in FY 2015 to \$491.1 million in FY 2021, cumulative spending growth of \$143.2 million, or 41.2%. Criminal Justice investments are expenditures on Police/Sheriff allocated to the cradle to career fund map with the percent of county population under age 18.

⁵ [School District CAFRs](#) reported spending by purpose or subfunction. The [District Profile Reports \(Cupp Report\)](#) include revenue by funding source data, which were used to allocated spending data to federal, state and local funding sources. Capital spending is not included in the fund map. Payment to Principal was considered capital not debt service.

Function Area/Function	FY 2015	FY 2017	FY 2019	FY 2021

Juvenile Justice: Parole/Probation	\$2,140,149	\$2,494,584	\$2,838,478	\$4,082,551
Regional Cradle to Career Investments	\$2,320,693,330	\$2,426,978,387	\$2,595,287,734	\$2,891,796,678

The agency pass-through analysis provides the agency source of cradle to career spending. County pass-through spending includes educational service centers, county agencies as well as jobs and family services spending excluding entitlement spending on SNAP, OWF and child care assistance, which are counted as state pass-

through spending through state DJFS.⁶ Other state pass-through spending includes Medicaid through ODM and regional psychiatric hospitals in MHAS. Federal pass-through spending is SSI and OASDI benefits passed through the Social Security Administration. Municipal pass-through expenditures include spending in cities, townships, and villages, which are police, public health, parks and recreation, and library spending allocated with percent of population under age 18.

Agency Type	FY 2015	FY 2017	FY 2019	FY 2021
County	\$272,022,796	\$293,572,147	\$310,770,933	\$350,459,705
Federal	\$102,949,798	\$105,873,038	\$111,391,514	\$112,629,489
Municipality	\$34,690,878	\$37,475,280	\$41,041,381	\$43,513,119
School	\$1,508,023,707	\$1,590,942,196	\$1,723,787,035	\$1,836,197,355
State	\$403,006,150	\$399,115,726	\$408,296,871	\$548,997,010
Total Cradle to Career Investments	\$2,320,693,330	\$2,426,978,387	\$2,595,287,734	\$2,891,796,678

Over the fund map survey period, locally funded cradle to career spending increases by 22.9%, state funded spending goes up 14.2% and federally funded investments increase by 42.1%, driven by a FY21 surge due to the federal fiscal response to the COVID pandemic.

⁶ Many school districts reported spending detail for behavioral health and early childhood programs, e.g., special education – emotional behavioral disturbance or preschool, with a break out of internal costs and costs of services delivered through a contract with the ESC. To avoid double-counting, spending on ESC contracts is reported in the school district and factored out of the appropriate spending in the ESC in the fund map. See the ESC section in Appendix G for spending detail by district.

Regional Cradle to Career Spending by Program Detail and Agency Detail, including School District Detail, in [Appendix F](#).

Engage 2.0 Southwest Ohio Region: Early Childhood Fund Map

Regional early childhood investments went up from \$146.5 million in FY 2015 to \$157.7 million in FY 2017, to \$181.7 million in FY 2019, and plateaued in FY 2021 at \$181.1 million, driven by the drop in Medicaid spending.

Excluding Medicaid charges, early childhood investments grew by \$15.6 million (22.3%) from FY 2015 to FY 2019 and went up \$10.7 million (12.5%) in FY 2021 for a cumulative increase of \$26.3 million (37.5%).

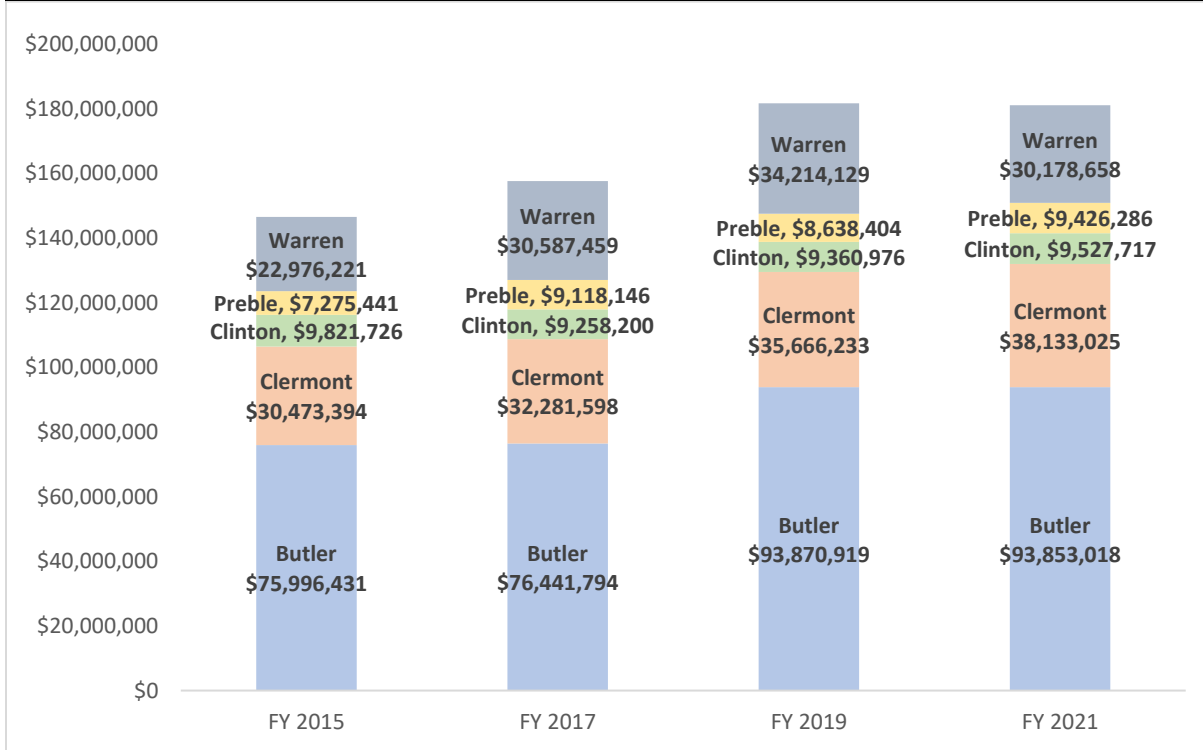

Per Child Early Education Investments: With Medicaid Charges & No Medicaid Charges

Early Childhood with Medicaid	Children Under 5	Spending Per Child Under 5	\$ Change	% Change
FY 2015	53,678	\$2,730		
FY 2017	53,390	\$2,953	\$223	8.2%
FY 2019	52,980	\$3,431	\$477	16.2%
FY 2021	52,138	\$3,474	\$43	1.3%

Early Childhood No Medicaid	Children Under 5	Spending Per Child Under 5	\$ Change	% Change
FY 2015	53,678	\$1,305		
FY 2017	53,390	\$1,473	\$168	12.9%
FY 2019	52,980	\$1,616	\$143	9.7%
FY 2021	52,138	\$1,847	\$231	14.3%

Even with the drop in FY21 Medicaid charges, income-tested entitlement expenditures for Medicaid, WIC and child care assistance were about two-thirds of total early childhood investments, so variations in relative wealth among counties in the region partly accounts for differences in spending across counties.

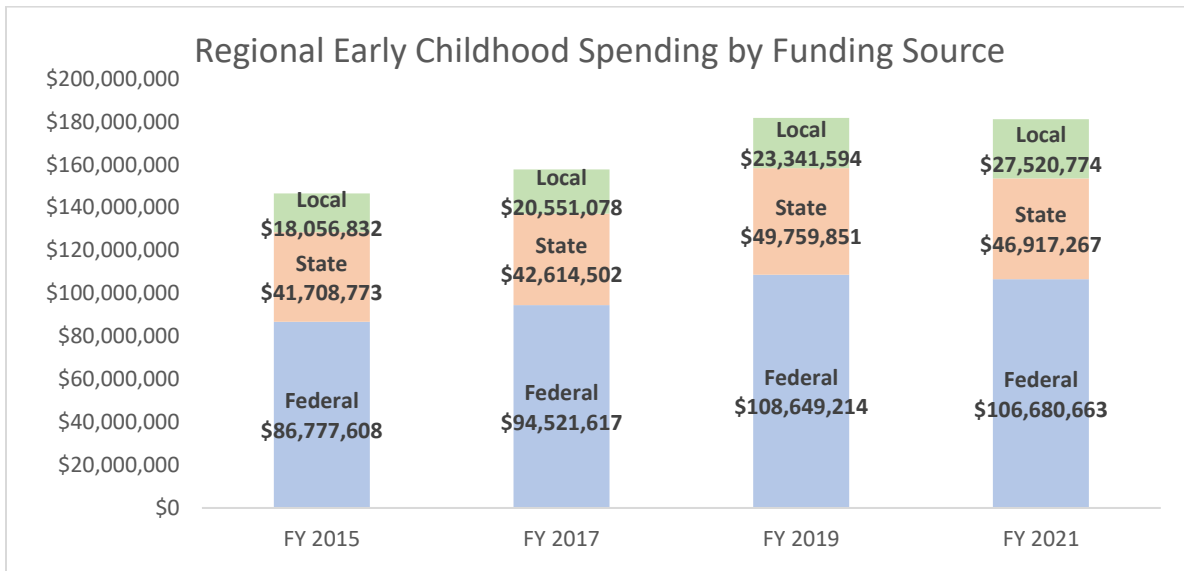

County	FY 2015	FY 2017	FY 2019	FY 2021
Butler	\$75,996,431	\$76,441,794	\$93,870,919	\$93,853,018
Clermont	\$30,473,394	\$32,281,598	\$35,666,233	\$38,133,025
Clinton	\$9,821,726	\$9,258,200	\$9,360,976	\$9,527,717
Preble	\$7,275,441	\$9,118,146	\$8,638,404	\$9,426,286
Warren	\$22,976,221	\$30,587,459	\$34,214,129	\$30,178,658
Regional Early Childhood Investments	\$146,543,213	\$157,687,196	\$181,750,660	\$181,118,704

Early education and child care investments reported under Education include spending on Early Head Start/Head Start, preschool, and early childhood special education, while that spending reported under Human Services is spending on child care assistance. Developmental Disabilities investments are DD early intervention services spending, while Maternal and Child Health spending includes investments in Women, Infants and Children (WIC) program and Help Me Grow home visiting and early intervention. Physical/Somatic Health spending is Medicaid charges for children under age 5.

Function Area/Function	FY 2015	FY 2017	FY 2019	FY 2021
Education	\$28,709,844	\$33,328,960	\$38,990,597	\$49,798,828
Early Education and Child Care	\$28,709,844	\$33,328,960	\$38,990,597	\$49,798,828
Health	\$95,664,726	\$99,124,238	\$115,851,794	\$103,826,563
Behavioral Health	\$112,670	\$256,257	\$308,157	\$0
Developmental Disabilities	\$6,865,413	\$7,514,089	\$7,729,196	\$7,970,216
Maternal and Child Health	\$12,176,244	\$12,301,559	\$11,680,194	\$11,036,966
Physical/Somatic Health	\$76,510,399	\$79,052,332	\$96,134,248	\$84,819,381
Human Services	\$22,168,642	\$25,233,998	\$26,908,269	\$27,493,313
Early Education and Child Care	\$22,168,642	\$25,233,998	\$26,908,269	\$27,493,313
Regional Early Childhood Investments	\$146,543,213	\$157,687,196	\$181,750,660	\$181,118,704

After growing from FY 2015 to FY 2019, federal and state funds dropped in FY 2021, with the decrease in early childhood Medicaid spending. Over the survey period, the increase in expenditures on Preschool and Early Childhood Special Education accounted for most of the increase in local funding.

County pass-through spending includes spending passed through the Boards of mental health and addiction services and developmental disabilities as well as education service centers and health districts, or other local agencies providing Head Start or WIC programs. School pass-through expenditures are investments passed through the 39 regional school districts, excluding the 3 joint vocational school districts. State agency pass-through investments are Medicaid charges passed through ODM and child care assistance passed through DJFS.

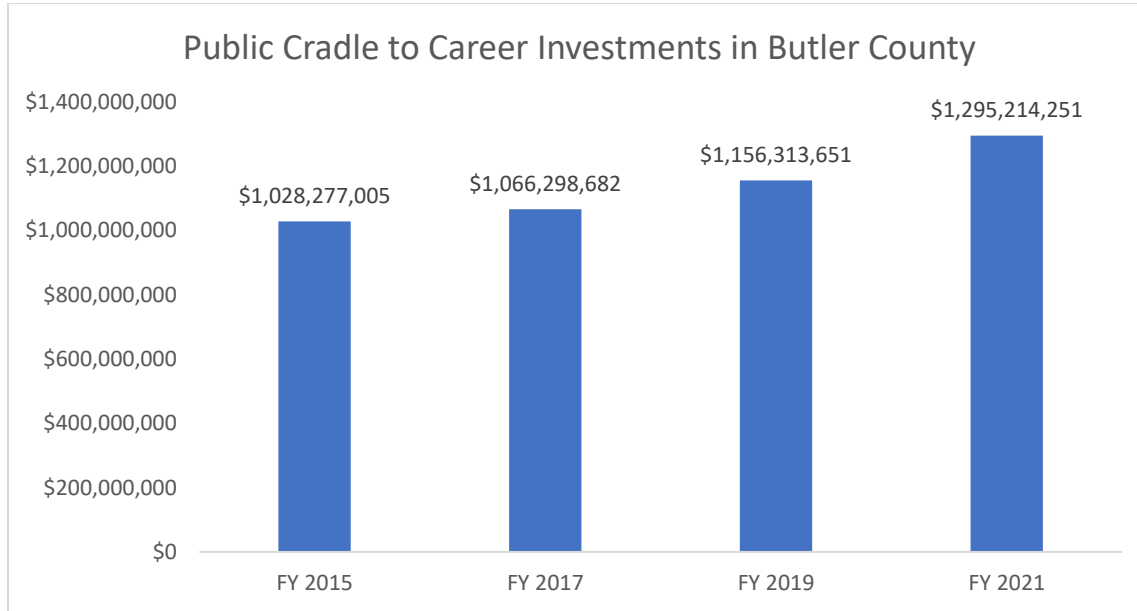

Agency Type	FY 2015	FY 2017	FY 2019	FY 2021
County	\$37,275,279	\$42,015,206	\$45,760,996	\$53,078,209

Appendix G: Fund Mapping Data Sources & Methodologies

Federal Spending Direct to Community

Supplemental Security Income and Social Security (Old-Age, Survivors, and Disability Insurance (OASDI) Spending on Children under Age 18

“SSI Recipients by State and County,” or “OASDI Recipients by State and County,” released December 2014, December 2016 and December 2018, Social Security Administration. Table 3 for Ohio of both publications provides number of recipients for each benefit by eligibility category for children under age 18 and the amount of payments for each benefit and category by jurisdiction. The OASDI report includes data on actual payments in each benefit category to children under 18 for the month. For SSI, the percent of recipients under age 18 for the month is used to allocate total payments for the month to children under age 18. The monthly OASDI payment amount and SSI estimate are multiplied by 12 to determine an annual amount. See http://www.ssa.gov/policy/docs/statcomps/ssi_sc/index.html and http://www.ssa.gov/policy/docs/statcomps/oasdi_sc/index.html.

State Agency Pass-Through Spending

Medicaid Spending on Regional Children and Youth

Staff at the Ohio Department of Medicaid and IBM Watson provided project staff with FYs 2015, 2017 and 2019 Medicaid charges by county, eligibility category, i.e., Medicaid or CHIP, Age Group and Service Category, i.e., Facility, Professional or Prescriptions. ODM staff also provided Medicaid behavioral health charges by county, eligibility category and covered service type as well as selected client demographic information.

To avoid double counting, behavioral health charges are factored out of cradle to career Medicaid charges using spending by service category/type data. Eligibility category data is used to allocate the Medicaid charges to federal and state funding sources, using the Federal Medical Assistance Percentage (FMAP) federal match data for the appropriate eligibility category and fiscal year. For Medicaid, see FMAP for Medicaid and Multiplier at <https://www.kff.org/medicaid/state-indicator/federal-matching-rate-and-multiplier/?currentTimeframe=0&sortModel=%7B%22colId%22:%22Location%22,%22sort%22:%22asc%22%7D>. For CHIP, see Enhanced FMAP for CHIP at <https://www.kff.org/other/state-indicator/enhanced-federal-matching-rate-chip/?currentTimeframe=0&sortModel=%7B%22colId%22:%22Location%22,%22sort%22:%22asc%22%7D>.

Ohio Department of Developmental Disabilities: Medicaid Waivers, Intermediate Care Facilities & State Developmental Centers

Department of Developmental Disabilities staff reported spending on regional children and youth for Medicaid waivers, and regional children and youth placed in Intermediate Care Facilities and Developmental Centers for FYs 2015, 2017 and 2019.

Women, Infants and Children Program – Food Grants

Ohio Department of Health staff via Clermont County Public Health staff reported the amount of Women, Infants and Children (WIC) program regional vendor reimbursements, which are 100% federally funded.

Ohio Department of Youth Services

Ohio Department of Youth Services (DYS) staff reported FYs 2015, 2017 and 2019 spending on regional youth for RECLAIM County Subsidy & Youth Services Grant by county as well as Targeted RECLAIM funding for Butler County and Competitive RECLAIM funding for Clermont County. In addition, DYS staff reported spending items not broken out by county for regional youth on Alternative Placements, Community Corrections Facilities, and Juvenile Correctional Facilities.

Ohio Department of Jobs and Family Services: Ohio Works First Cash Assistance & Supplemental Nutrition Assistance Program

For Supplemental Nutrition Assistance Program benefits and Ohio Works First Cash Assistance spending, [Public Assistance Monthly Statistics Reports](#) include SNAP and OWF spending by County. [Archived PAMS Reports are also available.](#)

PAMS reports did not include monthly SNAP benefits by county for FY 2019 or FY 2021 but do include caseload data by county and statewide. USDA SNAP spending and SNAP P-EBT benefits data by state are available at <https://www.fns.usda.gov/pd/supplemental-nutrition-assistance-program-snap>. FY 2019 SNAP benefits are estimated using the percentage of each county's caseload (active members) to the statewide total. This percentage for each county is applied to the FY 2019 statewide SNAP total benefits. FY 2021 SNAP benefits are estimated with an average of the FY 2019 PAMS methodology and USDA SNAP benefits by county in July 2020 and July 2021. The July 2020 data and July 2021 data are averaged and then annualized for the USDA methodology estimate. The FY 2021 spending estimate is an average of the PAMS and USDA methodologies. FY 2021 SNAP P-EBT data by county are estimated with the SNAP caseload percentage from PAMS data and the actual FY 2021 SNAP P-EBT spending in Ohio from the USDA data.

The Public Assistance Monthly Statistics (PAMS) reports from the Ohio Department of Jobs and Family Services, at <http://jfs.ohio.gov/pams/index.stm> include data on spending by county for Ohio Works First (OWF) Cash Assistance and Supplemental Nutrition Assistance Program (SNAP) benefits, which are entirely federally funded. OWF Cash Assistance spending is allocated to federal and state funding sources with state budget data on federal and state funds for OWF Cash Assistance available in the Financial Summary of the Department's annual reports. 2016 Annual Report: jfs.ohio.gov/PerformanceCenter/ExpandYourKnowledge/2016-annual-report.stm. 2015 Annual Report: jfs.ohio.gov/PerformanceCenter/ExpandYourKnowledge/ODJFS2015AnnualReport.stm. 2014 Annual Report: jfs.ohio.gov/PerformanceCenter/ODJFS2014AnnualReport.stm. 2017 Annual Report: <http://jfs.ohio.gov/pfof/pdf/2017-apsr.stm>. Sources and methodologies for other DJFS spending items are reported in the County agency section.

A request to Ohio DJFS for child care assistance spending by County remains pending. The state DJFS monthly PAMS reports for FY 2019 include monthly child care assistance spending and caseload data by County. The PAMS reports for FY 2015 and FY 2017 include monthly child care assistance caseload data by County. The FY 2019 spending data and the change in caseload data between FY 2019 and FY 2017 and between FY 2017 and FY 2015 are used to calculate FYs 2017 and 2019 child care assistance spending by County.

County Agency Spending

Boards of Mental Health and Addiction Recovery Services

Butler County Mental Health & Addiction Recovery Services Board provided FYs 2015, 2017 and 2019 spending on selected child-serving items. MHARS staff reported that Behavioral Health redesign caused a change in fiscal coding and complicated comparing spending for like programs across fiscal years. Spending data reported by MHARS staff as well as spending and demographic data reported in the [agency annual reports](#) are used to report

spending in the fund map. Revenue by funding source data reported in the agency annual reports are used to allocate spending to federal, state, and local funding sources.

Clermont County Mental Health & Recovery Board staff reported FYs 2015, 2017 and 2019 revenue by funding source and spending by program for Child & Adolescent Mental Health Prevention & Treatment as well as Child & Adolescent Substance Abuse Treatment Prevention & Recovery.

Preble County Mental Health & Recovery Board staff reported FYs 2015, 2017 and 2019 revenue by funding source and spending on Child & Adolescent Mental Health Prevention & Treatment as well as Child & Adolescent Substance Abuse Treatment Prevention & Recovery.

Mental Health Recovery Services of Warren and Clinton Counties staff reported FYs 2015, 2017 and 2019 revenue by funding source and spending by program for Child & Adolescent Mental Health Prevention & Treatment as well as Child & Adolescent Substance Abuse Treatment Prevention & Recovery.

Educational Service Centers

To limit the administrative burden on local agencies, project staff used the Comprehensive Annual Financial Reports available on [State Auditor's web site](#) to report on ESC total spending and spending by subfunction, e.g., Regular Instruction, Student Transportation, etc. Project staff surveyed regional ESCs for behavioral health and early childhood spending detail, which were factored out of the appropriate spending by subfunction category and reported in detail in the fund map, along with CAFR spending data.

Butler County Educational Service Center staff reported FYs 2015, 2017 and 2019 spending for Help Me Grow Home Visiting, Child Care Licensure, Butler County Early Head Start/Head Start, Preble County Head Start, Public Preschool Programs, Therapeutic Interagency Preschool Program, The Success Program for Butler and Preble Counties, the Kinship Navigator Program, Juvenile Detention Center – Education, Union Day Therapeutic Day School and Family and Children First Council spending for Partnership to Reduce Infant Mortality, Pause and Community Wraparound Services.

Clermont County Educational Service Center Staff provided FYs 2015, 2017 and 2019 direct service spending by school district for the Genesis School, Multiple Disabilities Classrooms, Hearing Impaired Services, Social Communication Programs, ED Itinerant services, Preschool Programs, and related services spending by school district on school psychological services.

The CAFRs for the Southern Ohio Educational Service Center are available on the [State Auditor's web site](#) and the [ESC's web site](#) and report on Governmental Funds: Revenues, including Intergovernmental revenue, and total federal financial assistance as well as spending by subfunction. The ESC's web site also reported on district served by County, which were used to calculate the percent of Clinton County students served by the ESC. Spending by subfunction for the ESC was allocated to fund map with percent of Clinton County students served and allocated to federal, state, and local funding sources with revenue by funding source data in the CAFRs.

Preble County Educational Service Center staff reported FYs 2015, 2017 and 2019 spending on Preschool – Early Childhood Education, Preschool – Special Education, and Alternative School – ED Program.

Warren County Educational Service Center staff reported FYs 2015, 2017 and 2019 spending for Social Emotional Learning Programs, Special Education Programs, Cognitive and Behavioral Health Programs, Family and Children First Council: Help Me Grow, and Home Visiting.

Warren County Children Services staff reported child welfare spending by program for FYs 2015, 2017 and 2019.

Metropolitan Housing Authorities/Community Action Programs

CAFRs for the Metropolitan Housing Authorities for Butler, Clermont, Clinton, and Warren are available at <http://www.auditor.state.oh.us/auditsearch/Search.aspx> and report on FYs 2015, 2017 and 2019 spending on Housing Assistance Payments.

Clinton County Community Action Program staff reported FYs 2015, 2017 and 2019 spending on Weatherization and Heating Assistance.

Staff in the Preble County Office of the Miami Valley Community Action Partnership reported FYs 2015, 2017 and 2019 spending on Emergency Services, Metropolitan Housing Authority: Housing Choice Voucher Program, Metropolitan Housing Authority: Tenant Services, Utility Assistance and Weatherization.

County Departments of Health/General Health Districts

Butler County General Health District staff provided FYs 2015, 2017 and 2019 revenue by source and agency spending by object as well as spending by function, including Maternal and Child Health, and spending by program, including School Health Consultation and Education, Perinatal Hepatitis B Prevention, Immunization: Infants and Children and Moms and Babies First Program. These investments in specific programs and in

Maternal and Child Health are reported in total in the cradle to career and early childhood fund maps. Administrative spending in the District of Health is allocated to the cradle to career fund map with the percent of county population under age 18.

Clermont County Public Health Department staff provided FYs 2015, 2017 and 2019 revenue by source data and spending by program on Child Immunizations, Ohio Buckles Buckeyes, WIC, and Bureau for Children with Medical Handicaps Program. Agency staff also obtained WIC vendor reimbursement for each county in the region from staff at the state Department of Health. These Clermont County investments are counted in total in the cradle to career and selected items in the early childhood fund map. The agency's CAFRs are available at <http://www.auditor.state.oh.us/auditsearch/Search.aspx> and report agency spending by Division. Spending by program detail is factored out of spending by Division detail and the remaining spending by Division is allocated to the cradle to career fund map with the percent of county population under age 18.

Clinton County Health District staff reported FYs 2015, 2017 and 2019 revenue by source data and agency spending by Division, as well as spending by program on WIC, Children's Immunization and the Maternal, Infant, and Early Childhood Home Visiting (MIECHV) program. These specific items are counted in total in the cradle to career and early childhood fund map. Other agency administrative spending is allocated to the cradle to career fund map with the percentage of county population under age 18.

Preble County Public Health Department staff reported FYs 2015, 2017 and 2019 revenue by funding source data and agency spending, as well as spending by program on WIC. WIC investments are counted in total in the cradle to career and early childhood fund map. Other agency administrative spending is allocated to the cradle to career fund map with the percentage of county population under age 18.

Warren County Health District staff reported FYs 2015, 2017 and 2019 revenue by funding source data and agency spending by object, as well as FY 2019 spending by program on WIC, Immunization Program, Prenatal Clinic, Reproductive Health & Wellness Clinic, Bureau for Children's Medical Handicaps, Cribs for Kids and Car Seat Program. These specific items are counted in total in the cradle to career and, excluding the Bureau for Children's Medical Handicaps, in the early childhood fund map. Other agency administrative spending is allocated to the cradle to career fund map with the percentage of county population under age 18.

County Juvenile Courts

Butler County Juvenile Court staff reported FYs 2015, 2017 and 2019 spending on Juvenile Court, Juvenile Facilities, County Juvenile Rehabilitation Center, JJC Court Ordered Support, Felony Delinquent Care, and Juvenile Probation.

Clermont County FYs 2015, 2017 and 2019 spending for Juvenile Court, Juvenile Detention, Juvenile Probation, and RECLAIM Ohio are reported in the annual county Tax Budgets in spending by Fund data. Clermont County annual Tax Budgets are available at <https://bcc.clermontcountyohio.gov/clermont-county-budget-policy/> and archived budgets are available at <https://bcc.clermontcountyohio.gov/budget-archive/>.

Clinton County Juvenile Court staff provided FYs 2015, 2017 and 2019 spending for CASA/Guardian Ad Litem Program, Probation, Community Services, Mediation, and Juvenile Detention.

Preble County annual Financial Reports are available on the [Chief Fiscal Officer page of the County Auditor's web site](#). The 2015, 2017 and 2019 reports include spending data for the Juvenile Court.

Warren County Probate Juvenile Court staff provided FYs 2015, 2017 and 2019 revenue by funding source data and spending for Juvenile Court, Juvenile Probation, Juvenile Detention, the Mary Haven Fund, and Mary Haven Youth Center/RECLAIM Grant.

County Sheriffs

For all investments in regional county Sheriff agencies, spending is allocated to the cradle to career fund map with the percent of county population under age 18.

Butler County and Clermont County Sheriff spending for FYs 2015 and 2017 is available in the County CAFRs at <http://www.auditor.state.oh.us/auditsearch/Search.aspx>. FY 2019 spending is estimated with the spending change between FY 2015 and FY 2017.

Clinton County Sheriff spending for FYs 2017 and 2019 is available in the County CAFRs at <http://www.auditor.state.oh.us/auditsearch/Search.aspx>. FY 2015 spending is estimated with the spending change between FY 2017 and FY 2019.

Preble County Public Safety spending for FYs 2015 and 2017 is available in the County CAFRs at <http://www.auditor.state.oh.us/auditsearch/Search.aspx>. FY 2019 spending is estimated with the spending change between FY 2015 and FY 2017. Public Safety spending is reported in cradle to career fund map as Sheriff spending.

Spending for FYs 2015, 2017 and 2019 for Warren County Sheriff is reported in the annual County Tax Budgets which are available at <https://www.co.warren.oh.us/commissioners/Budgets/default.aspx>.

School Districts, Community Schools, Non-Public Schools

School Districts

CAFRs are available for each school district through the [State Auditor's web site and search function](#). The fund map reports on Spending by Governmental Funds data. The Ohio Department of Education produced District Profile Reports (Cupp Reports) that include data on the percent of total revenue from federal, state and local sources for each regional district, at <http://education.ohio.gov/Topics/Finance-and-Funding/School-Payment-Reports/District-Profile-Reports>. These data are used to allocate spending by purpose reported in the CAFRs for each district on the State Auditor's web site. Spending on Capital Outlays or Acquisition, Construction of Facilities, and Principal Retirement is not included in the cradle to career fund map.

Thirteen school districts responded to a project survey with detailed behavioral health, special education, and preschool spending and nine other districts had available spending detail online. Preschool spending data were available for all 39 regional school districts, excluding the three vocational school districts. Detailed spending data are factored out of the appropriate spending by purpose data. Detailed spending is allocated to funding source with data from the Cupp reports.

Districts that reported actual Special Education: Preschool spending

Butler County

- Fairfield City*
- Monroe Local*
- Talawanda City (District reported negligible actual spending – using Preschool (State) as proxy adjusted by reported actual spending.

Clermont County

- Batavia Local*
- Goshen Local

Clinton County

- Blanchester Local
- Clinton-Massie Local*
- East Clinton Local
- Wilmington City*

Preble County

- Eaton Community*
- National Trail Local*
- Tri-County North Local

Warren County

- Carlisle Local*
- Franklin City (Skipped to Double Check)
- Kings Local*
- Wayne Local*

Note: Districts with * did not have State Special Education Preschool school payment report data from DOE.

Other Districts Not Above That Had DOE State Special Education Preschool school payment report data

Butler County

- Edgewood City
- Hamilton City
- Lakota Local
- Middletown City
- New Miami Local

Clermont County

- Clermont Northeastern Local
- Milford Exempted Village (FY 2015 only)
- New Richmond Exempted Village
- West Clermont Local
- Williamsburg Local

Preble County

- Preble-Shawnee Local
- Twin Valley Community Local

Warren County

- Lebanon City
- Little Miami Local
- Mason City

Community Schools

School district formula funding deductions by community school are available in the Foundation Funding Reports for each fiscal year available at <http://education.ohio.gov/Topics/Finance-and-Funding/School-Payment-Reports/State-Funding-For-Schools/Traditional-School-Districts>. See the Community School Transfer Detail section. Formula funding deductions by district by community school are reported in the cradle to career fund map as spending for that community school.

Cities, Townships and Villages

The cradle to career fund map includes Public Health investments, Parks and Recreation and Library spending reported as Youth Development spending and Police/Sheriff spending reported as Criminal Justice investments. These spending items are allocated to the cradle to career fund map using the percent of County population under age 18. Except where noted, the spending data is reported in available CAFRs for cities, townships and villages in the region are available at <http://www.auditor.state.oh.us/auditsearch/Search.aspx>.
